Jeff,  
I have some maps showing drinking water contamination near House Street. Let me know if you want to see these too.

Michael:

I am sharing some of the WWW information with Jeff Kimble  
Since he has been assigned as Removal rep. He will be touring the site on Wednesday - I am enclosing the rough map some residents gave us with a suspected dump areas. Do you know if DEQ has a document with a list of all the dumpsite addresses? Is there a document that specifies which dump sites were given to WWW for further sampling? Please share with Jeff.
